CASTLE

STOVE RANGE

Whether you select the **Tiverton**, **Stirling**, or **Framlingham**, our stoves are guaranteed to be a welcome addition to any space.

Each model features **extra-large windows**, framing the fire perfectly while filling your room with a **comforting glow** and **exceptional heat**.

Combining style with substance, our range is designed to **keep you warm** and your **costs down**. Enjoy the benefits of a Defra Approved appliance that helps **combat ever-rising energy bills**.

Tiverton
60TIV

Stirling
60STIR

Framlingham
60FRAM

Tiverton 60TIV

Our smallest wood burning stove still provides exceptional heat while retaining the beautiful style and large viewing window our customers love. It's also our most efficient model – perfect for anyone trying to drive down heating costs.

Dimensions in mm

Fuel Type	Wood
Output	5.0 kW
Efficiency	84.4%
Weight	65 KG
Warranty	Up to 10 years (T&Cs apply*)

Stirling 60STIR

A large wood burner with an oversized window, the Stirling offers a step up from the Tiverton without sacrificing any of the looks. It's perfect for most room sizes and exceptionally popular with our customers

Dimensions in mm

Fuel Type	Wood
Output	5.0 kW
Efficiency	83.9%
Weight	87 KG
Warranty	Up to 10 years (T&Cs apply*)

Framlingham

60FRAM

Our most powerful wood burner will warm even the largest spaces while still offering the looks our stoves are known for. It's the perfect choice for anyone looking to combine style with substance.

Dimensions in mm

Fuel Type	Wood
Output	7.8 kW
Efficiency	79.2%
Weight	87 KG
Warranty	Up to 10 years (T&Cs apply*)

High performance fuel

At Specflue, we believe that high-performance technology deserves high-performance fuel. Our Ecodesign Ready 2022 stoves are precision-engineered to reduce emissions by up to 90% compared to open fires, but achieving these results depends on how they are used.

By encouraging correct burning—using dry, seasoned wood with a moisture content below 20%—we ensure our customers enjoy maximum heat efficiency, lower fuel costs, and a cleaner environment.

Burning correctly doesn't just protect the air we breathe; it prevents soot and tar buildup, ensuring the safety and longevity of your flue system for years to come.

Warranty for peace of mind

The **Tiverton, Stirling, and Framlingham** stoves come with a standard warranty that can be extended up to a **maximum of 10 years** when installed with a **Schiedel flue system** and registered.
