

Protective Hearth Mat

FIR161

Protect your hearth and flooring from ash and debris with this flame retardant protective mat. The mat also features a padded inner lining, to protect your hearth from heavy tools and provide a cushion for kneeling.

The protective hearth mat is ideal for use while cleaning or tending to your stove or fire, and could also be used around the home during other maintenance or D.I.Y. to preserve the surface beneath it.

Once finished, simply roll up the mat and secure with the handy straps for easy storage.

Key Features:

- Flame retardant material
- Safe for use around stoves and fireplaces
- Padded inner lining protects hearths and floors
- Rolls away for easy storage
